

*"We came to the CMC at our lowest point; we were really worried. The CMC Immigration Legal Services changed our lives completely; we have no more worries now. The staff did a great job." ~ Lorena and José*

*"The CMC provides so many services here...they have been doing so much for a long time: showers, the daily meal, computer lab, coffee, and just being able to come and have conversations." ~ Kargie*

*"My experience at the CMC has been great. The first time I came I took a shower and did my laundry. Then I started using the computer lab and going to the free meals. Then I was coming to socialize with others; I appreciate being able to connect with other people going through the same thing." ~ Joe*
